## NORWAY AND VICINITY

Neighborhood Club of Millettville Entertained

On Thursday afternoon Mrs. S. I. Jackson entertained the Neighborhood Club at her cottage, "Green Elms" so called, from the delightful location amidst a grove of stately elms overlooking North Pond at the front. It was an ideal day and the fourteen present enjoyed it to the full looking at the fine collection of views from Washington, D. C.; Jacksonville, Clearwater, Belleair, Florida, and hearing her tell of the good times they had had there last winter. The numerous snap shots taken in and about the Gulf of Mexico and at the other resorts afforded much amusement.

At 5 o'clock a refreshing luncheon with feed drinks was served on the new 33 ft. long by 8 ft. wide veranda, half of which is screened in and Mr. Jackson has done all the carpentering himself. As a surprise at this time, each member and guest was given a hand-decorated sachet done in art work with Florida "butterfly" shells by the stess, as a souvenir of Florida. The flowers painted on them were orange blossom in white, hibiscus in red, pink and orange, day flowers in blue bouganvillea blossoms in lavender, ebony tree blossoms in lavender and poinsettias in red. The latter is the Florida state flower. Mrs. Jackson made and sold a great number of them down South last winter, besides several dozen as gifts for friends up north.

During the afternoon, the seven little girls present played in the shade or swung "sway up into the leaves" near the big maple. But best of all, they liked the "hunt for kisses" in and around the veranda and lawn. It was a "sweet" time if somewhat sticky hands was the result.

Those out of the neighborhood as guests were Mrs. Harry Patch, daughter Mary Elizabeth of West Paris, who are vacationing with their relatives, Mr. and Mrs. Frank Millett, and Mr. and Mrs. Harry Millett, also Mrs. Elmer Morrill and daughter Margaret from the village, who, with Aunt Ann Millett were dinner guests at "Green Elms." ### FRYEBURG

Fryeburg 18; Bridgton 11  
Fryeburg made it two straight from  
Bridgton, Saturday, by hammering the  
slats of Johnson at will. The Bowdoin  
twister was in poor form and received  
miserable support, in the early innings.  
Fryeburg used 2 twirlers, Carrier was hit  
hard, but G. Davidson held the Bridgton  
shoggers in check. Bridgton resorted to  
rowdy tactics in the 8th inning when  
members of the team made an unwarranted  
attack on the umpire.

The batting of Burnell, Shaw, E. David-  
son and Ballard for Fryeburg, and the  
batting of Dostie and holding of Smith  
of Bridgton featured the game.

## Mild Physic and Liver Tonic

How vigorous and good  
natured we feel and how  
bright the world seems  
when the digestive or-  
gans are faithfully per-  
forming their vital du-  
ties. Yet how easily  
they become deranged,  
throwing too much of  
the burden on the liver  
or bowels. Then trouble  
begins. All sorts of dis-  
tressing symptoms ap-  
pear, some of them  
alarming in effect. There  
is danger to the system. If  
there is any distress  
whatever in the stomach,  
headache, backache, pa-  
pitation, dizziness, scant  
urine, constipation, has-  
ten to the store and get  
a 50 cent bottle of that  
good health remedy, "L.

Hopkins, Minn.—"During Change of

Hopkins, Minn.

It has been said that not one woman in  
a thousand passes this perfectly natural  
change without experiencing a train of  
very annoying and sometimes painful  
symptoms. Those dreadful hot flashes,  
sinking spells, spots before the eyes,  
dizzy spells, nervousness, are only a few  
of the symptoms. Every woman at this  
age should profit by Mrs. Block's experi-  
ence and try Lydia E. Pinkham's Vegeta-  
ble Compound.

If you have the slightest doubt that  
Lydia E. Pinkham's Vegetable Com-  
pound will help you, write to Lydia E.  
Pinkham Medicine Co., Lynn, Mass.,  
about your health. Your letter will be  
opened, read and answered by a woman,

### LOVELL CENTER

The Robins' Woes  
On Friday noon, the robins rearing a brood on Poof Werrin's piazza-railing treated the family to a very unusual scene. After a peaceful morning the house was called out by a most insistent cry of alarm, accompanied by a flutter that was indicative of a furious rage. The nest is near a corner at the roof, sheltered by a luscious growth of woodbine. The birds were flying in rapid flight and striking with bills and claws. It seemed at times there were three or four birds, and to one not too familiar with bird life it appeared as if the owners of the nest were fighting off an intruding stranger-bird.

However, the quick eye of a lady soon discovered a "stick" that was alive—a snake coiled over the nest. It took but a moment to hook with an iron rake a lazy loop that hung down six or eight inches and pull his snakeship from a height of about fifteen feet, which he had climbed on the vine to the nest. The nest lost apparently all but one of the birding tenants. The snake proved to be a "milk adder." After its inglorious end in the road, it measured over a yard.

How do snakes know the location of a bird's nest so far from the ground? When these lines were being written an auto whizzed by and a well-known cheery voice sang out clearly, "Just finishing four thousand miles." It was our good friend and well-known citizen, A. B. Garcelon, and his family. "Safe arrival to your home!"

### WILSON'S MILLS

A. H. Dismore of St. Johnsbury was up recently, in the interests of the Fish Hatchery business, as they are preparing to build an addition to the Hatchery. Rev. E. P. Tuck with Mrs. Tuck, her mother, Mrs. Sterling and an adopted son, Paul Bailey, were guests of M. C. Linnell, Tuesday, and called at E. S. Bennett's, Wednesday forenoon. All were glad to see their pleasant faces once more. They were with us for two years and are kindly remembered by their former associates.

No use to appeal to the officer. He had gimlet eyes and mouth like a trap. He had as much pity as a gorilla. It was quite as futile to trust to the courts. The circumstantial evidence seemed conclusive. Any jury in the world would decide against him.

They were to sail at daybreak. Unless—Suddenly a plan flashed into her mind. The white corridors of her girlish heart filled with a cold deadly determination. In the space of two breaths, she had ceased to be a little girl. She was a woman of iron now. She knew it would cost her love and life. It required daring and strength.

## TO TOUR BIG FARMS IN OXFORD COUNTY

To enable Farm Bureau members to visit some of the big farms in Oxford county on which demonstrations are in progress, or in which there is special interest along certain lines, an automobile tour has been arranged for Thursday, August 4.

It will begin at L. E. McIntire's farm in Waterford, and those participating are requested to be there promptly at 9 o'clock. An hour will be spent there. One thing in which the members of the party will be especially interested is a silage corn demonstration which Mr. McIntire is carrying on. Some of this corn is already six feet high. It is said to be one of the best stands of corn in Maine.

From there the party will motor to the farm of A. G. Hayes at Oxford, arriving there about 11 and remaining until 12.30, he serving coffee to the visitors, who will eat their basket lunches on his lawn.

A half hour, from 2 to 2.30, will be spent inspecting T. E. Chase's big orchard in Buckfield, and Wilson H. Conant's orchard of Northern Spies, heavily laden with fruit, and the young trees giving promise of a generous yield. A brief orchard dusting demonstration will be given there. The four-acre orchard which was purchased by Harry and Everett Conant, three years ago, had been generally rated as practically worthless because of long neglect, and which they have rejuvenated so that it is expected to yield not less than 800 barrels this year, will also be an object of interest.

Whether the tour shall be continued to Canton and Bethel, or those places reserved for a visit later in the season, will be a matter for the participants to decide.

## THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Norway residents recommend Doan's Kidney Pills. Read this Norway man's statement.

George F. McAllister, ret. farmer, 1 Brown St., says: "I was in awful bad shape with my kidneys some years ago. I couldn't lay in bed with any comfort owing to the steady pain across my back. I was hocking at the time and I can tell you I was handicapped not being able to get about to do my work. My kidneys did not act regularly and in other ways showed signs of disorder. I picked up a paper and the Doan's Kidney Pills testimony given led me to go to Noyes' Drug Store and get a box of Doan's Kidney Pills. After using them I was all right, and went back to work feeling as well as ever. I am only too pleased to tell of the merit of Doan's Kidney Pills and recommend them always."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McAllister had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## The Lure of BIRTH STONES

JULY

It was believed that in the birthstones of July burned an inextinguishable flame. Noah, 'tis said, had with him on the Ark a ruby that shed a soft and glowing light all through the flood. This gem is treasured in India, the land of jewel splendor, where it is called the ruby of the gods, and there it is considered that the good effects are most surely secured, if the ruby set in a bracelet, ring, or brooch is worn on the left side.
